

## Residential Conveyancing – Purchase

The fees listed in the following sections cover all of the work\* that is required to complete the purchase of your new home. This includes dealing with registration at the Land Registry and dealing with the payment of Stamp Duty Land Tax (Stamp Duty) if the property is in England, or Land Transaction Tax (Land Tax) if the property is in Wales.

\*The fees quoted below are on the assumption that it is a standard transaction and no unforeseen matters arise. Unforeseen matters may include, but are not limited to:

- A defect in title which requires remedy prior to completion, or the preparation of additional documents ancillary to the main transaction; *or*
- The grant of a new lease, rather than the assignment of an existing lease.

In addition, the fees quoted are based on the assumption that the transaction is concluded in a timely manner with no other unexpected complications, this includes all parties to the transaction being co-operative and there being no unreasonable delay from third parties providing documentation and is also on the assumption that no indemnity policies are required. It is important to note that additional legal fees and disbursements may apply if indemnity policies are required.

Disbursements are all of the costs relating to your matter that are payable to third parties including the Land Registry. All of these payments are handled by ourselves, as we pay the disbursements on your behalf to ensure a smoother transaction.

### Stamp Duty Land Tax and Land Transaction Tax

The amount of Stamp Duty or Land Transaction Tax payable depends on the purchase price of the property being purchased. You can calculate the amount of Stamp Duty you will need to pay by using [HMRC's website](#) *or* for Welsh properties, you can calculate the amount of Land Tax via the [Welsh Revenue Authority's website](#).

How long will my purchase take?

How long it will take from your offer being accepted until you can move in to your house will depend on a number of factors, however we can advise that the average process

takes between 2 and 3 months from the sale being agreed. Nonetheless, it is important to note that the process can be quicker or slower depending on the parties in the chain.

By way of example, if you are a first time buyer who is purchasing a new build property with a mortgage in principle, then it could take up to 12 months for your purchase to complete, if building work has not commenced at the time you reserve the plot. However, if you are buying a leasehold property requiring an extension of the lease, this could take between 2 and 6 months. In this second example, it is important to note that additional charges would apply.
